

COMPANY PROFILE

Priti Metal Works

Stainless steel manufacturing for utensils and industrial products.

Vasai, Palghar | pritiimpex.in

ABOUT PRITI METAL WORKS

41 years in stainless steel

Priti Metal Works has been manufacturing stainless steel for more than 41 years, building a client base of over 150 manufacturers across utensils, industrial products and thermoware. Everything we supply is made to specification at our own workshop in Vasai.

Circles, small circles, coils, cut-to-length sheets and slit strips leave the floor checked, certified and on schedule.

41+

Years in stainless steel

150+

Clients served across India

3+

Industries: utensils, industrial, thermoware

WHAT WE STAND FOR

Mission, vision and a promise

OUR MISSION

To supply consistent, ready-to-run stainless steel with accurate gauge, clean edges and on-time dispatch, so our clients' production lines never wait on material.

OUR VISION

To be the most dependable name in stainless steel processing for India's thermoware, utensils and industrial products manufacturers.

“

We started 41 years ago with one cutting line and a promise: material that runs clean on the customer's press. Everything we've added since has served that promise.

FOUNDER, PRITI METAL WORKS

INFRASTRUCTURE

Large-format circle cutting

Our workshop in Vasai handles large-format circle cutting for utensil and industrial work. Wide automatic lines are backed by manual cutting and in-house presses, covering production from raw coil to finished dispatch.

MACHINERY

- 2 automatic circle-cutting lines (1250 mm)
- 2 manual circle-cutting lines
- 4 small baby presses

4,000 sq. ft.

Workshop area in Vasai

20+ people

Trained production team

QUALITY

A mill test certificate with every lot.

Gauge, finish and edge quality are checked before material leaves the workshop, so what reaches your press is exactly what you ordered.

PAN-INDIA REACH

Serving manufacturers all across India.

From our workshop in Vasai, material reaches utensil and industrial products manufacturers nationwide. Dispatch is planned around your production schedule, not ours.

150+ clients across utensils, industrial products and thermoware
